3. Stubbs' New Servants, (Biograph Comedy).

MUSIC BY PEERLEES ORCHESTRION

The Dixie shows nothing but first-class pictures, with change of program every day.

BALDWIN-LIPSCOMB.

Judge W. H. Baldwin, of Rockport, and Mrs. Mamie Burns Lipscomb, of Waco, were quietly married at 2 o'clock this afternoon at the home of Mr. and Mrs. R. S. Webb, Dr. M. E. Weaver officiating. Only relatives were present to witness the ceremony. Judge Baldwin is a leading citizen of Rockport, highly esteemed by his neighbors and friends, and is a dignified, courteous Southern gentleman. The bride is a refined and educated lady of most pleasant manner and lovable disposition. She has visited Mr. and Mrs. Webb for several summers and has many friends in the city. Judge Baldwin and his bride left immediately after the ceremony for their home at Rockport.

Favors Canning Factory.

Mr. J. H. Dowling, of the College community, one of the county's progressive farmers, was in town today and in discussing Bryan's wonderful growth with a reporter of The Eagle said the next enterprise secured should be a canning factory. He said such an enterprise was needed by the farmers more than any other one thing. It would afford them a market for surplus truck of all kinds. He said it was no trouble to grow these things in unlimited quantities, and if the farmers only had a market for them they would plant largely and produce amply sufficient to keep the cannery busy during the entire vegetable season. Mr. Dowling said it would turn loose a great deal of money that the farmer does not now get, and that it would come in the dull summer months when most needed.

Second Notice to Water and Light Users.

This is the second notice to water and light patrons, and is made necessary because some few have not yet come forward and arranged their accounts. As the city will carry no delinquent accounts, it is our desire to turn your name over to the new owners with a clean bill of health. Please come forward and settle your account at once, as we do not wish to cause you unnecessary trouble and needless expense.

T. J. PRESTON, Manager.

Speaking at Cottonwood.

Mrs. Armour addressed a large crowd in the interest of prohibition at Cottonwood today. Some few went out from Bryan and many others would have gone had it not been for the condition of the roads. Mrs. Armour will speak again in this city tonight at the skating rink.

The Rain.

The rain last night was the heaviest that has fallen since the early spring. It was a thorough season and was general over the county; in fact, it covered the greater portion of the state. It will be of untold benefit to the cotton, sweet potatoes and other crops.

Beginning August 1, Mrs. Sprekelmeyer will open a class in oratory, elocution and dramatic art. Those desiring to take can make arrangements now by phoning 497.

Make actors and speakers out of your boys and girls by beginning with Mrs. Sprekelmeyer, teacher in oratory, elocution and dramatic art. Phone 497.

Benefits of the Rain.

The question came up this morning in a discussion of the benefits of the rain, as to how many bales of cotton it meant for Brazos county. A prominent Brazos bottom farmer said that 5000 bales would be a conservative estimate—not the total crop, but the increase this one rain would give. If this estimate is correct, and there is not the least doubt that is fully that much, then with the sweet potatoes, peas, goobers, sorghum, gardens, etc., it means the farmers of Brazos county had not less than half a million dollars handed to them in the one night on a silver platter.

Leased Large Warehouse.

Vick Bros. have leased from the International & Great Northern Railroad Company for a term of ninety-nine years the corrugated iron warehouse just south of the International & Great Northern depot, known as the Chatham Machinery Company warehouse. They have also just completed a large addition to same, giving them a total of 5000 square feet of floor space. The building will store 10,000 bales of hay and 7000 bushels of corn.

Baseball Team Returned.

The A. & M. college baseball team returned today from a tour of the whole of Central and South Texas. They left immediately after commencement and have been traveling continuously since, playing many of the best amateur teams of the state. They came up on the Hustler and went out to College over the interurban, and from there will depart for their respective homes.

Ordered New Car.

Messrs. Saunders & Cole, proprietors of the Imperial garage, placed an order today for a Buick touring car, model 21. It is an elegant machine and will be placed in rental service upon its arrival.

Looking Out for Fall Business.

Mr. John M. Caldwell is having new flooring and other improvements made in his jewelry store this week. He will leave tomorrow for Dallas, where he meets representatives of Pickard's hand-painted china and Hawk's cut glass, and will place an order for an elegant line of full stock of these goods.

To Entertain Royalty.

London, July 18.—Mrs. David Beatty, who was Mrs. Marshall Field, of Chicago, will give the largest private ball of coronation year at her house in Regent Park tonight. Several members of the royal family have accepted invitations, and this fact, together with the sumptuous nature of the decorations and other preparations, has turned all other American women resident in London green with envy. Mrs. Beatty occupies a novel position among American hostesses of the British metropolis. She and her husband, who is the youngest admiral in the British navy, were the first couple to be invited to dine with the king and queen at Balmoral castle after the death of King Edward. It is alleged that at that time the rather prudish Queen Mary did not know that Mrs. Beatty had been divorced from her first husband, Tree, but that her highness was captivated by the charming looks and manner of Mrs. Beatty.
